

I'm reposting one of the Facebook comments to this video

(<https://www.facebook.com/dickmorriscom/videos/10154338879309438/?pnref=story>) with details of how FBI Director Comey in the past has not prosecuted the Clintons... Bet ya didn't know this either!! -- On second thought, did the Clintons have anything to do with Comey's rise to head the FBI?? What kind of a racket are they?? Wow!!! Comey may be the biggest liar yet!! Unethical?? Must have been going on for a long time to have Comey in the loop!!! Eye-opening!!

(name withheld) - Remember Whitewater? 20 years ago James Comey as an attorney on the Senate Whitewater Investigation was looking into the conduct of President Bill Clinton and first lady Hillary Clinton. The investigation was to determine whether Bill Clinton used his political position as governor of Arkansas (in the 1980s) to push through an illegal loan to benefit Bill and Hillary's business partner in Whitewater. Several people involved in Whitewater went to jail, but no criminal prosecution was in the cards for Bill and Hillary. Remember James Comey was the Deputy Special Counsel for the Whitewater investigation....In Christopher Anderson's book, *American Evita: Hillary Clinton's Rise to Power*, Anderson gives details of the New Square offenders pardon by Bill Clinton (who had been convicted of bilking the government of \$30 million dollars). Christopher Anderson relates that at Hillary's urging Bill gave clemency to 16 Puerto Rican terrorists who took the lives of 16 Americans and wounded many others. Anderson tell us that Hillary admired the Marxist Carl Oglesby and Saul Alinsky. It is from her admiration for Saul Alinsky that she formed her belief that "the only way to make a real difference is to acquire power." The pardon of billionaire Marc Rich (who traded illegally with America's enemies including Iran) by President Bill Clinton was something that everyone knew reeked of impropriety after learning that Rich's wife donated \$450,000 to the Clinton Library. Again James Comey oversaw investigations of the pardon matters as well. Unbelievably James Comey did not recommend charging the Clinton in any of these matters. Wouldn't it be fair and balanced to give news coverage to these facts?
